Email: mounir.mn33@gmail.com | Phone: +961 76 844 103

Address: Beirut, Lebanon

## **PROFILE**

Computer Science graduate from Beirut Arab University with a strong foundation in programming and a deep passion for database systems and data-driven solutions. Experienced in SQL development, data integration, and optimization within enterprise environments such as Data Virtuality (DV4). Dedicated to building efficient, reliable data infrastructures and continuously enhancing technical and analytical skills

## **EDUCATION**

Bachelor of Computer Science

Beirut Arab University | Graduated: June 2025

## **PROFESSIONAL EXPERIENCE**

Data Department & Technology – Data unit

Areeba Company, Downtown Beirut

15 July 2023 – 31 August 2023

- Wrote and optimized SQL queries to retrieve, update, and manage business data across various datasets.
- Used MySQL for data handling, table creation, indexing, and relational database operations.
- Collaborated with data scientists to analyze trends and create data-driven reports for business decisions.

Mobile Development Intern

XpertBot Company

May 2024 – July 2024

- Developed, tested, and optimized cross-platform mobile applications using Flutter and Dart for Android and iOS platforms.
- Designed user-centric and responsive UIs using Flutter widgets to enhance functionality and user experience.
- Applied Agile methodologies and version control (Git) to ensure efficient project tracking and timely delivery.

Data Department & Technology – Data unit

Areeba Company, Downtown Beirut

1 October 2025– 1 November 2025

- Ran complex SQL queries in data virtuality (DV4) to retrieve, join, and aggregate data across multiple source systems.
- Optimized queries (indexes, filters, execution plans) and performed data quality checks to improve accuracy and performance.
- Collaborated with data scientists to analyze trends and create data-driven reports for business decisions.

## TECHNICAL SKILLS

Programming Languages: Java, C++, HTML, CSS, Flutter, SQL Development

Expertise: Data analysis, Mobile Development, Web Development

Technical Proficiencies: Data Analysis, Agile Project Management Tools & Platforms: Android Studio, Visual Studio Code, MySQL, Git

## SOFT SKILLS

- Team Collaboration
- Effective Communication
- Adaptability
- Time Management

- **LANGUAGES**

1. Arabic: Native
2. English
3. French
